

Summer assignment for AP-Biology

1. Please pick up the text book: *Biology in Focus*, Campbell AP-Edition.
2. Read and outline: Evolution and the Foundations of Biology (pg.2-19). The outline should include all major concepts and key terms.
3. Study the answers to all **concept check questions** at the end of each section.
4. Read and outline: The Chemical Context of Life (pg.22-33). The outline should include all major concepts of the following sections: Concept 2.1, 2.2, 2.3. and 2.4
5. Study the answers all **concept check questions** at the end of each section.
6. The outlines will be collected during the first days of school and after a brief discussion in class the students will take a cumulative assessment including the two topics.
7. If you have any questions please feel free to contact me over the summer: Rdawson@mpsnj.org Starting June 28-August 4 I will be traveling and will not have reliable internet access! Have a great summer!

See you in September!

Mrs. Parvanov- Dawson
